# SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur  
NH - 40, Nandyal, Kurnool District, Andhra Pradesh - 518501.

## 1.3.1: Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment, and Sustainability into the Curriculum

### Response:

The JNT University curriculum includes value-added courses such as Gender equality, Environmental consciousness and sustainability, Human Values, and Professional Ethics in the regular Curriculum. Institute organizes various activities like awareness programs on Human Values and Environmental Sustainability. Final-year students are encouraged to take projects which address interdisciplinary issues. SRCP offers this wide range of courses to its students to mold them into all-around competent professionals based on their interests and inclinations.

### Professional Ethics and Human Values:

Professional Ethics and Human Values course are offered as regular curriculum of JNT University. The curriculum incorporates courses like Dispensing Pharmacy & Ethics, Pharmaceutical Jurisprudence, Medicinal Biochemistry, Community Pharmacy, Pathophysiology, Pharmaco-therapeutics, I, II and III, Hospital Pharmacy, Clinical Pharmacy, Clinical Research, Pharmaco-epidemiology and Pharmaco-economics, Therapeutic Drug Monitoring which explain the legislations and working procedures related to human health. Further, courses like Screening Techniques discuss information about regulatory guidelines for carrying out experiments on animals. The oath of Pharmacist and Code of Conduct focus to nurture student discipline, work ethics, and social responsibility. Community service activities are organized by the institution where students are made participatory in health camps to create health awareness among rural men and women.

Male and Female Reproductive Systems, Oral Contraceptive Methods for men and women, Prescribing Guidelines for pregnant and lactating women, Menstrual Hygiene, Breast Cancer, Endocrine Disorders, Sexual Disorders, and Sports Physiology are some of the Units in the curriculum which provide a comprehensive understanding of the gender-related health issues. Pharma Inspire and other expos were organized to encourage students to present models. To empower young women physically and emotionally, classes on self-defense, yoga, and sports were incorporated. Women's Day Celebrations and other women empowerment programs aim at transforming their personalities. Women's Grievance and Redressal Cell records the complaints, if any, and solves them.

- All the students and faculty members are expected to follow the Institute's code of ethics which is published in the calendar and the website for dissemination
- Students are encouraged to join various Professional societies which create awareness about their subject-related ethics
- The Code of ethical practice and plagiarism for research is followed strictly by the faculty
- The institute have different Technical and Non-technical Clubs for enhancing the human values and social activities of the students
- NSS is included as a part of the curriculum which makes the students understand human values and do social works
- To instill ethical values among all the students, PSO has a Professional Code of Ethics that included

## Gender Equality:

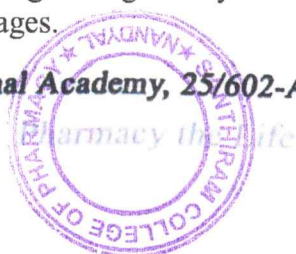

SRCP gives equal opportunities to both genders in terms of admissions, training, placement, co-curricular and extra-curricular activities, NSS, NCC, Sports, and Cultural Clubs, so that gender issues do not arise. The institute has constituted various committees including Women Empowerment Cell, Women Grievance & Redressal Committee. These committees help in promoting issues/programs on gender equity, promoting leadership qualities in women, and also handle issues related to the safety and security of girl students and lady staff.

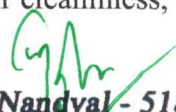

Girls and boys participate in various co-curricular activities such as paper presentations, group discussions, Musical nights, and technical quiz programs. Both boys and girls are made members of various clubs associated with academic, co-curricular, and Extra-curricular activities. A separate prayer hall is allotted for both boy and girl students. Women's day is celebrated when both students and staff participate. Higher administrative positions and many faculty Cadres are held by women. The Faculty Ratio (Female:Male) 31: 69 in the Institution

The College maintains a suggestion/complaint box where the students can drop their complaints or suggestion to be given to the college. It is observed that the complaints regarding sexual harassment in the college are NIL due to the effective implementation of discipline on the college premises.

Anti-Ragging Committee has been constituted to handle the issues of ragging. As a Social Responsibility towards Community, college NSS/ NCC teams create awareness among the people in surrounding villages on various issues. The Institution conducted many programs such as blood donation camps, Social awareness programs & welfare services, computer awareness programs for the public, especially in rural areas, organizing a rally on creating awareness on cleanliness, and volunteer services to schools and villages.

## Environment and Sustainability:

Environmental initiatives on Environment, Ecosystems, and Bio-diversity, addresses environmental pollution and conservation of natural resources.

Many Projects are undertaken by final-year students relating to environmental issues like climate change, water pollution, sewage treatment, air pollution, rainwater harvesting, modeling, flood prediction, disaster management, green concrete, etc. Topics related to these issues are also taken up for quizzes and debates during the National Science Day, Earth Day celebrations, and the Independence Day function.

SCOP students go to rural areas and educate rural people about environmental based activities and educate them. The curriculum also includes mentor hour which provides moral ideas to the students.

The following environmental initiatives are implemented by the Institute:

- A biogas plant of \_\_\_ capacity is installed which generates \_\_\_ BTU of Energy monthly.
- There are multiple Rain Water Harvesting percolating structures on the campus which keep the groundwater charged during the rainy season
- Ours is a Plastic-free green campus implementing Swatch Bharat Abhiyaan, and the greenery and various medicinal plants on the campus speak of a balanced ecosystem.
- Tree plantation and various environment-related awareness seminars are conducted on regular basis to inculcate the importance of the environment to the student community.
