# **INNOVATION ECOSYSTEM**

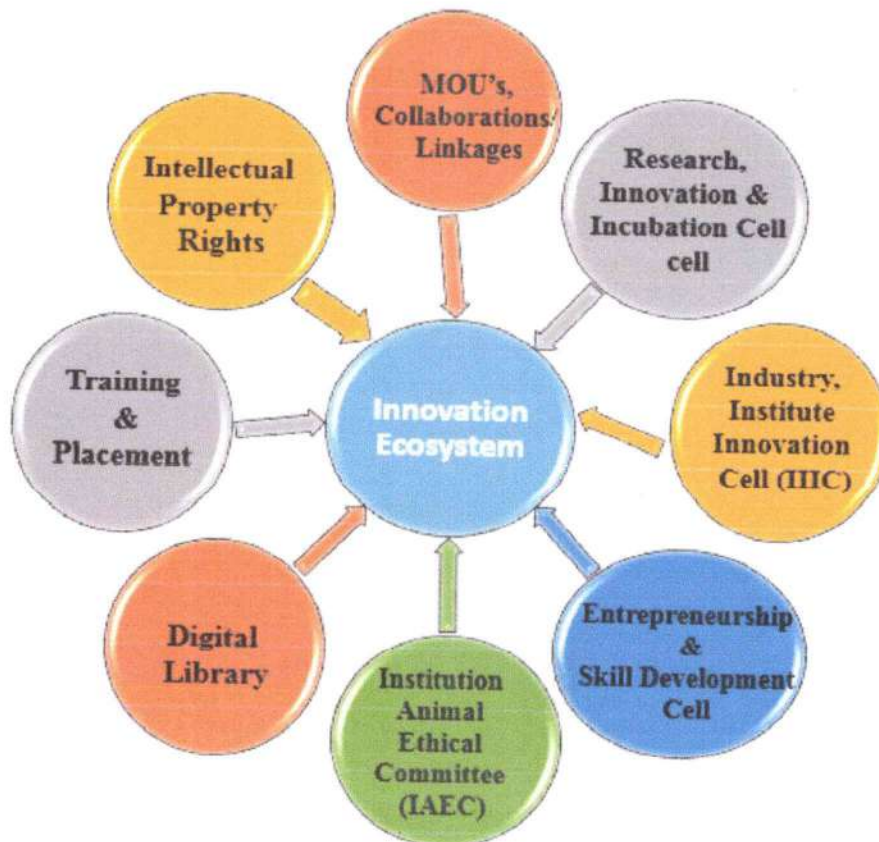

# SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur  
NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

## 3.2 Innovation Ecosystem

**3.2.1 Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge (patents filed, published, incubation centre facilities in the HEI to be considered)**

The institution provides conducive environment for promotion of Innovation and Incubation. All required facilities are provided and guidance is extended to the students. Faculty fraternity and students are encouraged to build their Academic Profile for a successful career; enhance productivity and channel their intellect to improvise and invent for the benefit of society. The research activities in the institute was headed by Principal, Director, department heads and senior faculty.

# SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur  
NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

## Objectives:

- To inculcate the concept of research among students & staff by arranging paper presentation Competitions.
- To lay down guidelines for the conduct of inter -disciplinary research programmes in the departments and establish modalities for preparing and undertaking joint research projects covering more than one knowledge domain as well as policies for involving external agencies/ experts in such projects.
- Encouraging the faculty members in getting financial support from industry, R&D Projects from Governmental organizations which include SERB, DST, CSIR, UGC, AICTE etc.
- Signing collaboration with other eminent research Institutes/ Labs/ Organizations for projects.
- The Committee is to organize regularly research oriented Faculty Development Programs, workshops, Seminars & conferences in the College.
- Encourage publication of research articles by sending deserving entries in reputed journals.
- The sole objective of the Incubation Center is to facilitate students to convert their Ideas into Innovations. Students are provided facilities to build prototypes useful for health care promotion. Workshops on emerging trends in field of pharmacy are held. Students are encouraged to gain hands on experience and better Industrial Exposure.
- The institute has organised workshops, seminars, conferences, Awareness meets and guest lectures which provided a platform to interact with eminent resource persons for knowledge transfer.
- During the pandemic COVID 19 times institution has conducted many webinars to have recent outcomes in the field of pharmacy.
- The institute has signed many functional collaborations with various institutes, Pharmaceutical companies and hospitals.
- To bridge the gap between industry and institute, Industry institute interaction cell facilitates students and faculty members for industrial visit.

8.	Dr. B. Md Ishaq	Member	
9.	Dr. K. Sivaiah	Member	

Dr. M. Sreenivasulu, Professor & HOD, Dept. of Pharmaceutical Chemistry welcomed the gathering for this meeting. The following points were discussed and proposed at the meeting.

- The Research Committee appreciated researchers who have contributed the services on receiving fund from various non-government agencies and proper utilization of it.
- The committee also congratulated Dr. L. Siva Sankar Reddy for getting patent published on the topic "Inden-1-Ylidene group containing hydrazine based compounds, compositions, methods of making and using the same" to Indian Patent Office dated 12<sup>th</sup> April 2019. Patent number / Application Number: 201941014888
- The faculty and students are encouraged to attend online seminar, webinar, conferences, e-FDP and QIP.
- Committee advised to make use of lockdown period to publish more research paper in reputed journals.
- The faculty members are motivated to publish patent related to their research work.

(57) Abstract :

The present invention relates to the development of SLNs and NLCs by using Clobetasol (CP) as a model drug. Size, polydispersity index (PDI), zeta potential (ZP), drug entrapment efficiency (%EE), scanning electron microscopy (SEM), transmission electronic microscopy (TEM), differential scanning calorimetry (DSC), drug release and stability of SLNs, and NLCs were compared... NLCs demonstrated faster drug release than SLNs at low drug-loading, whereas there was no significant difference in drug release from SLNs and NLCs at high drug-loading. However, sustained prolonged drug release was observed from both formulations. The anti-psoriatic efficacy in BALB/c mice (evaluated on basis of cytokine levels and skin morphology) highlighted potential of drug-loaded NLCs significantly higher as compared to drug loaded SLNs and marketed formulation. The study demonstrated that Clobetasol loaded NLCs gel had higher efficacy in psoriatic management.

(57) Abstract :

ABSTRACT Our development Extremely High Density Quick Response Non-Liquid Asthma Inhalers Making Method is a sterile nebulizer detailing contains formoterol and budesonide in about 2ml or less of saline and is for treatment of COPD and asthma and different aviation routes infections and issues. An inhaler (otherwise called a puffer, siphon or hypersensitivity shower) is a clinical gadget utilized for conveying prescriptions into the lungs through crafted by an individuals relaxing. This permits meds to be conveyed to and retained in the lungs, which gives the capacity to designated clinical treatment to this particular district of the body, just as a decrease in the symptoms of oral drugs. There is a wide assortment of inhalers, and they are regularly used to treat various ailments with asthma and ongoing obstructive aspiratory infection (COPD) being among the most outstanding. A portion of the normal sorts of inhalers incorporate metered-portion inhalers, dry powder inhalers, delicate fog inhalers, and nebulizers. Every gadget enjoys benefits and detriments and can be chosen dependent on explicit patient necessities, just as age, coordination, and lung work. Appropriate schooling on inhaler use is essential to guarantee that breathed in prescription takes its legitimate impacts in the lungs.

(57) Abstract :

Abstract: Recent studies aim to develop oral dispersible tablets of clonazepam using natural super disintegrants evaluated for physicochemical parameters. Starch is extracted from natural ingredients like oats, millets, vegetables, and other forms that can be induced as a disintegrant in tablet forms of clonazepam, natural disintegrants were added to the tablets by direct compression. Five formulations were designed, and the prepared batches of tablets were evaluated for hardness, friability, drug content uniformity, wetting time, dispersion time and in vitro drug release. All the extracted blends were evaluated for the pre-compression parameters, and all the formulations were to possess good flow properties. FTIR studies are performed with the F3 formulation technique in optimizing the prepared clonazepam tablets. Among all the studies, the disintegrant starch extracted from oats given fruitful results with disintegrated time of 21 seconds.

# CERTIFICATE OF GRANT INNOVATION PATENT

Patent number: 2020104159

The Commissioner of Patents has granted the above patent on 31 March 2021, and certifies that the below particulars have been registered in the Register of Patents.

**Name and address of patentee(s):**

Asisa Kumar Panigrahy of Gokaraju Rangaraju Institute of, Engineering & Technology Hyderabad Telangana 500090 India

Sivakumar R. D. of Asst Professor, Dept. of Computer Science, Ayya Nadar Janaki Ammal College, Srivilliputtur Road Sivakasi West Tamil Nadu 626124 India

Matta Durga Prakash of Velagapudi Ramakrishna Siddhartha, Engineering College, Kanur Vijayawada Andhra Pradesh 520 007 India

Shafali Jain of Professor, Department of EEE, Sagar Institute of Research & Technology, Ayodhya Bypass Bhopal Madhya Pradesh 462041 India

Y.Dastagiri Reddy of Department of Pharmaceutics, Santhiram College of Pharmacy, NH-40, Nerawada Nandyal Andhra Pradesh India

Aman Dahiya of Maharaja Surajmal Institute of Technology, C-4 Janakpuri New Delhi 110058 India

Gobinath Manavalan of Ratnam Institute of Pharmacy, Pidathapalur (V), Muthukur (M) Spsr Nellore Dist Andhra Pradesh 524 346 India

Manish Kumar of Balaji Institute of Pharmaceutical, sciences, Laknepally (V) Narsampet (M), Warangal, 506331 India

K.Bhaskar Reddy of Center for Pharmaceutical Nanotechnology, Sri Venkateswara College of Pharmacy, RVS Nagar Chittoor Andhra Pradesh 517127 India

R. Karthikeyan of School of Pharmacy, PRIST Deemed to be University, ECR Campus, Manamai Chengalpet Tamil Nadu 603102. India

**Title of invention:**

ARTIFICIAL INTELLIGENCE BASED SMART DETECTION OF LUNG DISEASE FROM CHEST X-RAY

**Name of inventor(s):**

Panigrahy, Asisa Kumar; D., Sivakumar R.; Prakash, Matta Durga; Jain, Shafali; Reddy, Y.Dastagiri; Dahiya, Aman; Manavalan, Gobinath; Kumar, Manish; Reddy, K.Bhaskar and Karthikeyan, R.

**Term of Patent:**

Eight years from 17 December 2020

NOTE: This Innovation Patent cannot be enforced unless and until it has been examined by the Commissioner of Patents and a Certificate of Examination has been issued. See sections 120(1A) and 129A of the Patents Act 1990, set out on the reverse of this document.

## **INSTITUTIONAL ANIMAL ETHICAL COMMITTEE (IAEC)**

# SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur  
NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

## INSTITUTIONAL ANIMAL ETHICAL COMMITTEE

### *Objectives:*

- a) Every experiment shall be performed by or under the supervision of a person duly qualified in that behalf, that is, Degree holders in Veterinary Science or Medicine or Laboratory Animal Science of a University or an Institution recognized by the Government for the purpose and under the responsibility of the person performing the experiment.
- b) That experiments are performed with due care and humanity and as far as possible experiments involving operations are performed under the influence of some anaesthetic of sufficient power to prevent the animals from feeling pain.
- c) That animals who, in the course of experiments under the influence of anaesthetics, are so injured that their recovery would involve serious suffering, are ordinarily medically allowed to death while still under influence of anaesthetic.
- d) Those experiments on animals are avoided wherever it is possible to do so.
- e) That experiments on larger animals are avoided when it is possible to achieve the same results by experiments on small laboratory animals like guinea-pigs, rabbits, mice, rats etc.
- f) That, as far as possible, experiments are not performed merely for the purpose of acquiring manual skill.
- g) That animals intended for the performance of experiments are properly looked after before, during and after experiments.
- h) That suitable records are maintained with respect to experiments performed on animals.

### *Functions:*

- ✓ The primary duty of IAEC is to work for achievement of the objectives as mentioned above.
- ✓ IAEC will review and approve all types of research proposals involving small animal experimentation before the start of the study.
- ✓ For experimentation on large animals, the case is required to be forwarded to CPCSEA in prescribed manner with recommendation of IAEC.

# SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur  
NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

- ✓ IAEC is required to monitor the research throughout the study and after completion of study through periodic reports and visit to animal house and laboratory where the experiments are conducted.
- ✓ The committee has to ensure compliance with all regulatory requirements, applicable rules, guidelines and laws.

5. The IAEC is valid for a period of five years and is coterminous with renewed period of registration. IAEC is required to be reconstituted at the time of renewal of registration as per CPCSEA guidelines.
6. You are requested to convene the meeting of the re-constituted IAEC within a period of 30 days and upload the same on the website of the CPCSEA.
7. It is stated that only above approved IAEC members shall sign, with date, on the attendance sheet of the IAEC meetings, and decisions will be taken only in meetings where quorum is complete. The quorum for holding IAEC meeting is six (6), and CPCSEA Nominees must be present in such meetings. Link Nominee can attend in case main nominee conveys his unavailability in writing to the chairman IAEC. Socially aware member's presence is compulsory in cases referred to CPCSEA and atleast in one meeting in a calendar year. Any decision taken in the meetings of IAEC without quorum shall be considered invalid.
8. It is also to inform you that before commencing any research on large animals you are required to send research protocols with due recommendation of IAEC to CPCSEA for further approval ( procedure for submission of Research Protocols is available on the website of CPCSEA).

Yours faithfully,

Deputy Secretary (AW) & Member Secretary (CPCSEA)

Copy for necessary action to: Nominees of CPCSEA.

The Main Nominee is requested to ensure that the IAEC meetings are held regularly as stipulated in the SOP of CPCSEA and submit the Annual Inspection Reports of the Animal House Facility regularly on the Website of CPCSEA.

## ENTREPRENEURSHIP AND SKILL DEVELOPMENT CELL

### **Objectives:**

1. To foster better linkages between the Parent Institution, Industries and R&D institutions in the region and other related organisations engaged in promoting Small & Medium Enterprises (SMEs) and Non-Government Organisations (NGOs).
2. To conduct various skill development programmes to students and improve their employability.

### **Functions:**

- ✓ To conduct research work and survey for identifying entrepreneurial opportunities.
- ✓ To create an environment for self-employment and entrepreneurship development through formal and non-formal programmes.
- ✓ To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining project approvals, grants and facilities from agencies.
- ✓ To arrange visits to industries for prospective entrepreneurs.
- ✓ To extend necessary guidance and escort services to the trainees in obtaining approval and execution of their projects.

### **Roles & Responsibilities:**

- ✓ To endorse the knowledge exchange programmes.
- ✓ To conduct workshops and seminars by industrial experts to improve the skill of students.
- ✓ To give practical training to the students in the required essential technical skills.
- ✓ To enhance the professional skills to develop and certify skills as per industry standards.
