STUDENT FEEDBACK ON CURRICULUM

SUMMARY

This organization is affiliated with JNTUA, Anathapuramu, and the college academic curriculum is designed by the Board of Studies at the University. Board of Studies designs curriculum by taking suggestions and remarks from the affiliated colleges through conducting meetings with the Principals of the affiliated colleges) before preparing the Blueprint of the curriculum.

However, the Institution obtains feedback on the curriculum design and development from various stakeholders. The Students feedback was collated and analyzed at the College academic meeting in the institution Based on the feedback requirement institutions planned for:

- More practical experimental sessions are to be included for a better understanding of the Subject
- More e-books are to be installed and made available. Mini projects are to be given in each semester to improve their outlook and make them more skilled.
- Maintain correlation between theory and lab sessions
- Training on how to prepare effectively for personal interviews and group discussions during the recruitment.
- Career guidance programs and counseling cell support for the development of soft skills, industrial skills and communication ability.

Suggestions and remarks about the curriculum were conveyed by the Principal to the University through amending meetings in the University and it is made perfect to suit the students instead of a mere gathering of information so that it can enhance the ability of the students to think innovatively.

STUDENT FEEDBACK ON CURRICULUM

SUMMARY

This Institution is affiliated with JNTUA, Anathapuramu, and the college academic curriculum is designed by the Board of Studies at the University. The Board of Studies designs the curriculum by taking suggestions and remarks from the affiliated colleges by conducting meetings with the Principals (of the affiliated colleges) before preparing the Blueprint of the curriculum.

However, the Institution obtains feedback on the curriculum design and development from various stakeholders. The Students feedback is collected and analyzed at College academic meetings in the institution. Based on Students feedback requirements, institutions planned for:

- More practical sessions are included for a better understanding of the subject.
- It was decided to continue the personality development programs and interview skills programs for the academic year 2021-22.
- Learning Management System through interactive activities which enables the mutual interaction between faculty and the student was encouraged.
- Smart Classrooms, Video conferencing, etc were made effective by the use of ICT.

Suggestions and remarks about the curriculum were conveyed by the Principal to the University through attending meetings in the University and it was made perfect to suit the students instead of a mere gathering of information so that it can enhance the ability of the students to think innovatively.

STUDENT FEEDBACK ON CURRICULUM

SUMMARY

This organization is affiliated with JNTUA, Anathapuramu, and the college academic curriculum is designed by the Board of Studies at the University. Board of Studies designs curriculum by taking suggestions and remarks from the affiliated colleges through conducting meetings with the Principals of the affiliated colleges before preparing the Blueprint of the curriculum.

However, the Institution obtains feedback on the curriculum design and development from various stakeholders. The Students feedback was collected and analyzed at the College academic meeting in the institution Based on the feedback requirement institutions planned for:

- More practical experimental sessions are to be included for a better understanding of the Subject
- More e-books are to be installed and made available. Mini projects are to be given in each semester to improve their outlook and make them more skilled.
- Maintain correlation between theory and lab sessions
- Training on how to prepare effectively for personal interviews and group discussions during the recruitment.
- Career guidance programs and counseling cell support for the development of soft skills, industrial skills and communication ability.

Suggestions and remarks about the curriculum were conveyed by the Principal to the University through amending meetings in the University and it is made perfect, to suit the students instead of a mere gathering of information so that it can enhance the ability of the students to think innovatively.
