SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

- 3.2.1: Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge
- 3.2.1. Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge (patents filed, published, incubation center facilities in the HEI to be considered)

Response:

Santhiram College of Pharmacy has a vibrant **Research & Development Cell**, an apex body to guide SRCP research community and innovation for creation and transfer of knowledge. The apex body is constituted with a team of experts drawn from academic Institutions, Scientists, Entrepreneurs and Industrial researchers from various reputed organizations. The team generates links with the industry through periodic visit to their office and participating in monthly and annual meets.

SRCP established a Research Centre, Entrepreneurship Development Cell and Incubation Centre. The early initiative to create an ecosystem for innovations is the formation of various **student clubs** for creation and transfer of knowledge. The hidden talents of the students are identified and nurtured through student clubs, co-curricular and extra-curricular activities.

SRCP Research and Development Centre comprises of senior faculty members from each department. Co-ordinator (R&D) who is a senior professor having handsome experience and expertise in versatile research field heads R&D Centre with the principal presiding over. The committee oversees the smooth and efficient coordination of research and development activities in the institute, thus fostering overall growth.

The aim of SRCP R&D cell is to foresee future problems through pursuit of technology to respond to current social demands, and to contribute to the creation and development of scientific technologies with the aim of realizing an affluent society and natural environment for humanity. At the same time, the SRCP aims to create excellent educational resources and an excellent educational environment through frontline researches.

SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

To achieve the above-mentioned purposes, the following objectives are set:

- Lead the academic world and conduct internationally high-level researches in each pharmacy field
- Conduct cutting-edge researches to lead the academic and industrial worlds at home and abroad and create and develop new academic and technological fields.
- · Aim to globalize research and education
- Provide suggestions for the future of humanity and the earth, based on high-level academic foundations and vision
- Conduct researches that contribute to the development of human resources who can play a leading and core role in society and researchers who can conduct cutting-edge researches

MISSION AND VISION OF R&D CELL

- Image building of the Institution.
- Creation of research facilities in-house and in collaboration with other national institutes and laboratories.
- Conducting workshops/national and international seminars
- Identification of research projects for faculty and encouraging students for such.
- Imbibing the culture to carry out innovative projects with the students beyond curriculum.
- Training younger generation teachers with innovative research projects.
- Encouraging faculty and students to attend seminars and workshops inside and outside the state.
- Encouraging faculty and students for publication of research papers in national and international journals of repute & to apply for patents.

The prime aim is to engage large number of faculty, student and staff in various innovation and entrepreneurship related activities such as ideation, problem solving, proof of concept development, product development, molecule design, design thinking, IPR, project handling, management at pre-incubation and incubation stages, etc. So that innovation and entrepreneurship eco system gets established and stabilized at HEI.

Incubation Centre:

Our Institution is located in an eco-friendly campus and our management encourages staff and students to carry out research projects that give practical solutions to problems which causes hazard to the human life.

Our Incubation Centre is primarily established to encourage students, staff and alumni for entrepreneurship and innovation. It provides a platform to the prospective entrepreneurs to convert plan into a commercially viable project by applying technical and managerial skills for societal needs. Students are provided facilities to build prototypes useful for health care promotion. Workshops on emerging trends in field of pharmacy are held. Students are encouraged to gain hands on experience and better Industrial Exposure. It is also aimed to resolve the issues of local area.

The following Facilities are available for Innovation & Incubation at SRCP: Fully furnished office with required space, personal computers, printers and scanners, software tools for analysis and design and high speed internet connectivity, Audio-video conferencing facility, equipment in laboratory or workshop (Including modern facilities like Autodock, Chemsketch, Chem Draw, Biovia, Pyrx, DOE), Digital Library facility and most important being the support and guidance of SCOP Alumni spread across the globe.

The Entrepreneurship Development Cell, Research Cell and Incubation Centre together support the students in business network support through mentoring, providing access to professionals, relevant training programs, legal advice, guidance in registering IPR/company and Seed Funding Assistance.

This helps in organizing programs for students of all years inviting industry experts to interact with the students. Apart from this, the team also seek Student projects, internship, request to set up extended development centre and Centres of Excellence, guest lecture, problem statements, consultancy work, etc.

On the activity side, eminent industrialists and budding entrepreneurs are often invited to motivate young students. Prospective start-ups are advised to submit application with an executive summary of plan. Advisory Board's meetings are conducted. The executive summary

is presented to Advisory Board. **Advisory Board** provides guidance about viability of the project. Modifications if any are suggested and plan is finalized. Incubation Project proceeds further. Our EDC has an advisory board comprising members like, chartered accountant, bank manager, practicing advocate, Sr. managers from industry, renowned regional entrepreneurs, principal of the institute and faculty in-charge.

Activities Undertaken by EDC include awareness programs for students by institute which were conducted during last five years. Many webinars were organized during COVID times. Information about incubation centre is constantly shared with students and they are motivated for entrepreneurship and innovation. Our Institution has active MoU's with the best of the hospitals/Industries in all branches that support students technically by conducting regular training programs and competitions leading to entrepreneurship, innovation and incubation.

Following Activities are implemented through Incubation centre: Research & Development Lab:

- To organize research promotion events like conferences, seminars, workshops, invited lectures
- To motivate faculty for doctoral and post-doctoral research.
- To encourage faculty to undertake research projects in thrust areas in science and technology with funding from various national and international agencies.
- To inculcate the concept of research among students & staff by arranging paper presentation Competitions.
- To lay down guidelines for the conduct of inter-disciplinary research programmes in the departments and establish modalities for preparing and undertaking joint research projects covering more than one knowledge domain as well as policies for involving external agencies/ experts in such projects.
- Encouraging the faculty members in getting financial support from industry, R&D Projects from Governmental organizations which include SERB, DST, CSIR, UGC & AICTE etc.
- Signing collaboration with other eminent research Institutes/ Labs/ Organizations for projects.

SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

- The R&D Committee organize regularly research oriented Faculty Development Programs, workshops, Seminars & conferences in the College.
- Encourage publication of research articles by sending deserving entries in reputed journals.

Incubation Center:

- The sole objective of the Incubation Center is to facilitate students to convert their Ideas into Innovations.
- The institute has organised workshops, seminars, conferences, Awareness meets and guest lectures which provided a platform to interact with eminent resource persons for knowledge transfer.
- During the pandemic COVID 19 times institution has conducted many webinars to have recent outcomes in the field of pharmacy.
- The institute has signed many functional collaborations with various institutes,
 Pharmaceutical companies and hospitals.
- To bridge the gap between industry and institute, Industry institute interaction cell
 facilitates students and faculty members for industrial visit.
- Customize Student application, including page layouts, fields, tabs, and business processes
- Set up workflow automation

Entrepreneurship Development Cell

It encourages merging a relationship between the industry and the institution. Individual department interacts with industry to ascertain its needs to fill the gap in curriculum. The gap is filled by arranging workshops addressed by industry personals.

Industry institution relationship works in the following areas:

- 1. Industrial visits for students and faculties,
- 2. Conduct Workshops, Seminars
- 3. Research and Internship Trainings
- 4. Consultancy Works

INDUSTRY INSTITUTE INTERACTION CELL (IIIC)

Objective:

The objective of the Cell is to promote closer interaction between the academic field and the professional field. The Cell is the bridge between the industry, the real world and the institute.

Functions & Responsibilities.

- ✓ The Industry Institute Interaction is considered as a key aspect for the development of student knowledge and placements.
- ✓ Guest Lectures and workshops from Industry experts are arranged to enhance the student knowledge to match with the recent trends in technology.
- ✓ Arrange industrial visits, internships and industrial tours for the students in various Industries.
- ✓ Assists in bringing the R&D Projects from Research Organizations through MOUs.
- ✓ Fructifying the tie-ups into MOUs with industry for the purpose of training, placements, internships, for utilizing the services for entrepreneurship development programs
- ✓ Tie-up with the Industry to implement Virtual development centre.
- ✓ Plans and implements the Entrepreneur development programs within campus.

INSTITUTIONAL ANIMAL ETHICAL COMMITTEE

Objectives:

- a) Every experiment shall be performed by or under the supervision of a person duly qualified in that behalf, that is, Degree holders in Veterinary Science or Medicine or Laboratory Animal Science of a University or an Institution recognized by the Government for the purpose and under the responsibility of the person performing the experiment.
- b) That experiments are performed with due care and humanity and as far as possible experiments involving operations are performed under the influence of some anaesthetic of sufficient power to prevent the animals from feeling pain.
- c) That animals who, in the course of experiments under the influence of anesthetics, are so injured that their recovery would involve serious suffering, are ordinarily medically allowed to death while still under influence of anaesthetic.
- d) Those experiments on animals are avoided wherever it is possible to do so.
- e) That experiments on larger animals are avoided when it is possible to achieve the same results by experiments on small laboratory animals like guinea-pigs, rabbits, mice, rats etc.
- f) That, as far as possible, experiments are not performed merely for the purpose of acquiring manual skill.
- g) That animals intended for the performance of experiments are properly looked after before, during and after experiments.
- h) That suitable records are maintained with respect to experiments performed on animals.

Functions:

- ✓ The primary duty of IAEC is to work for achievement of the objectives as mentioned above.
- ✓ IAEC will review and approve all types of research proposals involving small animal experimentation before the start of the study.
- ✓ For experimentation on large animals, the case is required to be forwarded to CPCSEA in prescribed manner with recommendation of IAEC.
- ✓ IAEC is required to monitor the research throughout the study and after completion of study through periodic reports and visit to animal house and laboratory where the experiments are conducted.
