- To build-up the confidence of outgoing students during entry to industry.
- To explain the industrial working environment to current students.
- To aware the scope of various novel fields of pharmacy.
- To provide opportunities to outgoing students.
- To discuss the ‘gap’ between academic syllabus and industries requirement.

**Alumni Committee** is functional with the objective to nurture a platform for its alumni base of 200 registered life members to connect, engage and benefit the alumni, students and staff. Alumni Association is formed in 2018 having one representative from every Department to accommodate the ever increasing number of alumni.

#### **Executive Committee & Alumni Members:**

The executive committee has 1 President, 1 Vice president, 1 Secretary, 2 Joint Secretaries & 1 Treasurer. All the executive committee members are deploying their services in various sectors. The course completed students can join in alumni association just by filling the ‘alumni application form’.

The **mission of the Association** is to foster strong bonds between alumni, students and the Institute, to keep alumni informed, and create a network enabling them to remain engaged with their alma mater and help shape its future through the Association’s programmes and services.
