Santhiram College of Pharmacy was established in the year 2007 with the vision to produce competent professionals having sufficient skills, knowledge, and attitude that elevate global standards in the Pharma Industry and healthcare. The institution works hard to create its distinctiveness in teaching and lay the foundation for research, always with the motto to provide the best quality of education and improve students' skills, creativity, and innovations. The acquired knowledge of the students is practically utilized by conducting activities under the following distinctive programs:

#### 1. Pharma Enrichment Programme:

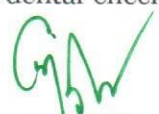

The main objective of the programme is to raise the status of the pharmacy profession and recognize the importance of the pharmacist's role and responsibilities in society. Pharmacists are actively involved in drug innovations and formulation manufacture to meet pharmaceutical needs. Clinical pharmacists play a role in predicting drug interactions and counseling patients for the maintenance of healthcare.

To meet and fulfill these needs, we organize the following activities under this programme:

**Medical Camps:** Our institution, in association with Santhiram Medical College and General Hospital, conducts medical camps involving our Pharma.D students and physicians. Hospital in rural areas, to diagnose the poor people who are not affordable in the hospitals and distribute the medicines to the patients. This programme will be helpful for the students to gain practical knowledge.

#### **Medical Checkups:**

Staff and Pharma.D students are actively involved in conducting medical check-ups, including blood pressure, blood sugar levels, blood grouping, hemoglobin levels, and dental checkups. These

activities educate the public regarding diseases and counsel them on maintaining healthy food habits, proper diet, and nutritional supplements if necessary.

## **Blood Donation Camps:**

We are organizing blood donation camps on various occasions to create awareness about donating blood and saving lives.

## **Distribution of Sanitizers and Herbal Formulations:**

In COVID-19 situations, our staff prepared herbal immune boosters and sanitizers with approved W.H.O. formulas in the institution. These formulations were distributed to COVID Warriors, including Municipal Offices and Police Stations.

In addition to this, we are organizing “**National Pharmacy Week Celebrations**” in November, where all students of B.Pharm, M.Pharm, and Pharma.D actively participate.

Our distinctiveness is to conduct this programme for a week with various activities, initiating students to actively take on responsibilities of the pharmacist and their role in society. The program aims to create awareness among the public that “**Pharmacist Is An Integral Part of the Health Care System.**”

## **2. FISH Programme:**

The institution strives hard for the betterment of students, enriching their subject knowledge beyond academics and extending learning activities through a unique programme under **FISH (Forum of Innovations with Scientific and Human Values)**.

The programme was inaugurated in 2019 with the motto of improving students' abilities, human values, and confidence. It provides pathways for students to engage in conferences and educational activities, helping them adapt to new learning skills in addition to usual curricular activities.

**The session's motto** is to provide a forum for staff and students to engage in conversations and mutual interactions. This programme encourages students to gain confidence, enhance communication skills, and stand on stage without fear.

Special guests from reputed institutions and experienced faculty are invited to share their valuable experiences and deliver guest lectures on current topics to meet industrial needs and requirements. The programme is designed to be conducted monthly. It emphasizes imparting key knowledge to students and helping them learn new skills and techniques specific to various activities.

This programme also assists final-year students in developing interests for admission into various divisions within the pharmaceutical industry. At the end of the programme, discussion

sessions allow students to present pertinent issues, thereby boosting their confidence and building a strong foundation for their communication abilities.

### 3. Other Distinctiveness of the Institute Includes:

- a. **Institutional Automation Software:** Used to manage student attendance, approve staff and HOD leaves, and secure Principal approvals.
- b. **Examination Automation software:** Developed by the institute for conducting internal and external exams, generating D forms, seating plans, student results, and performance year-wise and consolidated.
- c. **Group Insurance:** A group insurance policy was provided by the institute as a part of the benefit program for the institute members.

### SRCP Incentives:

For students who got the highest rank in a particular year, cash rewards of Rs. 25,000 will be awarded. Staff who present their research in national and international level conferences will receive TA and DA provided by the institute. To encourage research and academic activities, staff will get incentives for published articles in Scopus and SCI-indexed journals.

## FISH PROGRAMME

### TOPIC: INNOVATIONS IN DRUG DELIVERY SYSTEMS

(20-08-2022)

The Department of Pharmaceutics organized a program on "**Innovations in Drug Delivery Systems**" for B.Pharm III Year students at the Seminar Hall, Santhiram College of Pharmacy. The program aimed to enhance students' knowledge of emerging technologies in drug delivery and foster innovative thinking.

The event commenced at 10:00 AM with an inaugural address by Dr. C. Madhusudhana Chetty, Principal of SRCP. Dr. Chetty emphasized the importance of advancements in drug delivery and how they play a crucial role in improving therapeutic outcomes and patient compliance. His speech set the tone for an engaging and insightful session.

Following the inauguration, Dr. A.V. Badarinath, Professor in the Department of Pharmaceutics, delivered a keynote address on "Advancements in Drug Delivery Systems." His presentation provided an overview of recent developments in transdermal patches, buccal films, nanoparticles, and other innovative drug delivery methods. The session was highly informative and well-received by the audience.

The highlight of the program was the student presentation segment, where B.Pharm III Year students showcased their research and understanding of various drug delivery systems. Topics covered included **Transdermal Drug Delivery Systems, Buccal Films for Controlled Release, Nanoparticles in Targeted Drug Delivery, 3D Printing in Pharmaceutics, and Liposomal and Micellar Drug Delivery**. The students' presentations were insightful and demonstrated their in-depth understanding of the subject matter.

An interactive session followed, moderated by Dr.K. Bharath, Assistant Professor of Pharmaceutics. Students and faculty engaged in vibrant discussions, with questions focusing on practical applications, challenges, and future prospects of innovative drug delivery systems. This session provided an excellent opportunity for students to clarify doubts and deepen their knowledge.

A hands-on demonstration on the preparation of buccal films and nanoparticles was conducted by department lab assistants. This practical session allowed students to gain experience in formulating drug delivery systems, reinforcing the theoretical knowledge shared during the presentations.

The program concluded with feedback and reflections from students and faculty. Many expressed their appreciation for the opportunity to learn about cutting-edge technologies and participate in hands-on activities. Mr. D. Maheswara Reddy, Assoc.Professor in the Department of Pharmaceutics, delivered the vote of thanks, acknowledging the efforts of students, faculty, and staff in making the event a success.

## FISH PROGRAMME

**Topic: Digital Transformation in Education: Virtual Labs and E-Learning**

**(03-10-2022)**

The Forum of Innovation, Skill Development & Human Values (FISH) organized a program on **"Digital Transformation in Education: Virtual Labs and E-Learning"** at Santhiram College of Pharmacy. The program aimed to introduce students to the evolving landscape of digital education and the integration of virtual technologies into learning environments.

The program commenced at 10:00 AM with a welcome address by Dr. C. Madhusudhana Chetty, Principal of SRCP. Dr. Chetty highlighted the significance of digital transformation in education and how virtual labs and e-learning platforms are revolutionizing the teaching and learning process. His address emphasized the importance of adapting to digital tools to enhance academic performance and skill development.

Following the welcome address, Dr. Y. Dastagiri Reddy, Professor in the Department of Pharmaceutical Analysis, delivered a keynote speech on **"The Future of Learning: Virtual Labs and Online Platforms."** Dr. Reddy discussed the advantages of virtual labs in providing hands-on experience without the limitations of physical infrastructure. He also elaborated on various e-learning platforms that can supplement traditional classroom teaching.

The main segment of the program featured presentations by B.Pharm and Pharm.D students. Topics covered included:

- **Role of Virtual Labs in Pharmaceutical Education**
- **Enhancing Practical Knowledge through Simulations**
- **E-Learning Platforms for Continuous Professional Development**
- **Blended Learning: Combining Physical and Digital Classrooms**

Students actively participated in these sessions, showcasing their understanding of digital tools and how they can be utilized for academic and professional growth.

An interactive Q&A session followed, moderated by Dr. J. Vineetha, Assistant Professor in the Department of Pharmaceutics. This session allowed students to express their views on the challenges and opportunities of integrating virtual labs and e-learning into their curriculum. Faculty members provided valuable insights on how digital tools could be effectively implemented at SRCP. The program concluded with a hands-on demonstration of virtual lab simulations by the IT department. Students were given the opportunity to explore and interact with digital lab platforms, reinforcing their understanding of the concepts discussed.

In his vote of thanks, Mr. K. Pavan Kumar, Assistant Professor, acknowledged the efforts of the organizing team, student presenters, and faculty members for their contributions to the success of the program. He encouraged students to actively engage with digital learning tools to stay ahead in their academic journeys.

**Topic: Telepharmacy and Remote Patient Counseling**

**(17-11-2022)**

The Department of Pharmacy Practice at Santhiram College of Pharmacy successfully organized a seminar on **Telepharmacy and Remote Patient Counseling** for II B.Pharm students. The program aimed to provide insights into the growing field of telepharmacy and its role in enhancing patient care through remote consultation and medication management.

The seminar began at 10:00 AM with a formal **inauguration and welcome address** by Dr. C. Madhusudhana Chetty, Principal of SRCP. Dr. Chetty highlighted the importance of telepharmacy in improving healthcare access, especially in rural and underserved areas. He emphasized the need for future pharmacists to adapt to technological advancements that facilitate remote patient counseling.

Following the inauguration, Dr. A.V. Badarinath, Professor in the Department of Pharmacy Practice, delivered a compelling **keynote speech** on **"Introduction to Telepharmacy and Its Applications."** Dr. Badarinath provided an overview of the fundamentals of telepharmacy, its benefits, and challenges. He elaborated on how telepharmacy bridges the gap between pharmacists and patients by offering consultations and monitoring medication adherence remotely.

The next segment of the seminar featured **student presentations**, where II B.Pharm students showcased their knowledge on various aspects of telepharmacy. Topics included the **basics of telepharmacy, its role in rural healthcare, ensuring patient safety, and a case study on telepharmacy implementation.** Each presentation highlighted the potential of telepharmacy to improve healthcare delivery and enhance patient outcomes.

A **live demonstration** titled **"Telepharmacy in Action – Simulated Patient Counseling"** was conducted by selected students. This engaging session simulated a real-life telepharmacy consultation, demonstrating how pharmacists can provide remote counseling, educate patients, and address medication-related concerns virtually.

The seminar concluded with an **interactive Q&A session** moderated by Dr. J. Vineetha, Assistant Professor in the Department of Pharmacy Practice. Students actively participated by posing questions and engaging in discussions about the future prospects and implementation of telepharmacy in their practice.

In the final segment, **Mr. K. Pavan Kumar** delivered the **vote of thanks**, expressing gratitude to the faculty, student presenters, and organizing committee for their contributions to the seminar's success. ### Topic: PHARMACOVIGILANCE AND PATIENT SAFETY

21-02-2023

The Department of Pharmacy Practice at Santhiram College of Pharmacy organized a seminar on **Pharmacovigilance and Patient Safety** for Pharm.D students and faculty members. The program aimed to raise awareness about the critical role of pharmacovigilance in ensuring medication safety and preventing adverse drug reactions.

The event commenced at 10:00 AM with a **welcome address** by Dr. C. Madhusudhana Chetty, Principal of SRCP. In his address, Dr. C. Madhusudhana Chetty emphasized the increasing importance of pharmacovigilance in modern healthcare systems. He highlighted how monitoring and reporting adverse drug events contribute to patient safety and improved therapeutic outcomes.

Following the inauguration, Dr. A.V. Badarinath, Professor in the Department of Pharmacy Practice, delivered a **keynote speech** on "**Fundamentals of Pharmacovigilance and Its Impact on Patient Care.**" Dr. Badarinath provided an in-depth overview of pharmacovigilance systems, their evolution, and the role of healthcare professionals in identifying and reporting adverse drug reactions (ADRs). He also addressed the integration of pharmacovigilance into clinical practice.

The seminar featured **student presentations** that covered various aspects of pharmacovigilance. Pharm.D students presented on topics such as **the importance of ADR reporting, pharmacovigilance regulations, and case studies highlighting medication errors and their prevention.** These presentations underscored the necessity of vigilance in prescribing and dispensing medications.

A **panel discussion** followed, moderated by Dr. J. Vineetha, Assistant Professor in the Department of Pharmacy Practice. The session allowed faculty and students to engage in meaningful discussions on the challenges faced in implementing pharmacovigilance programs and strategies to enhance patient safety practices.

The seminar concluded with a **vote of thanks** by Mr. K. Pavan Kumar, who expressed appreciation to the faculty, guest speakers, and student presenters for their contributions. He acknowledged the importance of such seminars in fostering a culture of safety and awareness in pharmacy practice.

**Topic: ETHICS IN ARTIFICIAL INTELLIGENCE AND TECHNOLOGY DEVELOPMENT**  
**(04-03-2023)**

The Department of Pharmaceutical Sciences at Santhiram College of Pharmacy conducted a seminar on **Ethics in Artificial Intelligence and Technology Development** for I B.Pharmacy students. The session aimed to introduce students to the ethical considerations and responsibilities involved in the development and application of AI in healthcare and pharmaceutical industries.

The program began with a **welcome address** by Dr. C. Madhusudhana Chetty, Principal of SRCP, who emphasized the increasing role of AI in transforming healthcare. He highlighted the importance of ethical practices to ensure patient safety, data privacy, and transparency in AI-driven technologies.

Dr. S. Muneer, Professor in the Department of Pharmaceutical chemistry, delivered a **keynote speech** on "**AI in Healthcare: Ethical Implications and Challenges.**" He discussed the rapid advancements in AI and the necessity of establishing ethical frameworks to guide technological innovations. Dr. Badarinath elaborated on key ethical principles, including fairness, accountability, and the prevention of bias in AI systems.

The seminar featured **student presentations** by I B.Pharmacy students, covering topics such as **the ethical risks of AI in drug discovery, AI-driven diagnostics, and the role of pharmacists in ethical AI implementation.** These presentations allowed students to explore real-world scenarios and reflect on the importance of ethical decision-making in their future careers.

An **interactive session** followed, moderated by Dr. Siva Sanke Reddy .L., Professor. During this session, students raised questions and participated in discussions on the potential benefits and risks of AI in pharmacy. The engaging dialogue helped students gain a broader perspective on balancing technological advancements with ethical responsibilities.

The seminar concluded with a **vote of thanks** by Mr. N. Madan Gopal, who acknowledged the efforts of the faculty, students, and organizing team in making the seminar a success. ### Section : PERMANENT PARTIAL DISABILITY

When as the result of Injury occurring under the circumstances described in a Hazard and commencing within 60 Days from the date of the Accident, You suffer a Permanent Partial Disability, We will pay, provided such disability has continued for a period of 12 consecutive months and is continuous and Permanent at the end of this period, a percentage of the Principal Sum shown in the Policy Schedule if Injury to You results in one of the losses shown in the Scale below less any other amount paid or payable under the Accidental Death/Benefit, or Permanent Total Disability, or Permanent Total Loss of the sections of the Policy as the result of the same Accident.

Scale Sum	Percentage of Principal
1. Loss of toes - all	20%
Great toe	5%
Other than great toe, if more than one toe lost, each	1%
2. Loss of hearing - both ears	50%
3. Loss of hearing - one ear	25%
4. Loss of four fingers and thumb of one hand	40%
5. Loss of four fingers	25%
6. Loss of thumb	15%
7. Loss of index finger	10%
8. Loss of middle	6%
9. Loss of ring finger	5%
10. Loss of little finger	4%

"Loss" with regard to:

- (a) toe, finger, thumb means actual complete severance from the foot or hand;  
(b) hearing means entire and irreparable loss of hearing.

When more than one form of disability results from one Accident, We add the percentages from each together. However, We will not pay more than 100% of the Sum Insured shown in the Policy Schedule.

If claim is payable for loss or loss of use of a whole member of the body, a claim for parts of that member cannot also be made.

We will assess at our discretion any disability not specifically mentioned by considering the nature of the disability alongside the percentages given to the specific types of disability above. The Insured Person's occupation will not be a relevant factor.

If the Insured Person has an existing medical condition and they suffer Injury, We will assess:

- (a) whether the Insured Person's medical condition has contributed to their disability; and  
(b) whether the disability makes the Insured Person's medical condition worse.

In other case We will assess the difference between the Insured Person's medical condition before and their disability after the Accident. Any payment We make will be based on the difference, expressed as a percentage, and applied to the appropriate benefit above or in the Scale.

### Definitions:

**Permanent** - means lasting twelve calendar months and at the expiry of that period being beyond reasonable hope of improvement.

**Permanent Partial Disability** - means the Insured Person has suffered a Permanent loss of physical function or anatomical loss of use of a body part, substantiated by a diagnosis from a Physician.

### Exclusions:

In addition to the General Exclusions listed in this Policy this coverage section shall not cover loss caused directly or indirectly, wholly or partly by:

1. Infections (except prostatic infections which shall occur through an Accidental cut or wound) or any other kind of Disease;
2. Medical or surgical treatment except as may be necessary solely as a result of Injury.

When more than one form of disability results from one Accident, We add the percentages from each together. However, We will not pay more than 100% of the Sum Insured shown in the Policy Schedule.

If claim is payable for loss or loss of use of a whole member of the body, a claim for parts of that member cannot also be made.

We will assess, at our discretion any disability not specifically mentioned by considering the nature of the disability alongside the percentages given to the specific types of disability above. The Insured Person's occupation will not be a relevant factor.

If the Insured Person has an existing medical condition and they suffer injury, We will assess:

- whether the Insured Person's condition

(b) whether the disability makes the Insured Person's medical condition worse.

In either case We will assess the difference between the Insured Person's medical condition before, and their disability after the Accident. Any payment We make will be based on the difference, expressed as a percentage, and applied to the appropriate benefit above or in the Scale.

### Definitions:

**Permanent** means lasting twelve calendar months and at the expiry of that period being beyond reasonable hope of improvement.

**Permanent Partial Disability** means the Insured Person has suffered a Permanent loss of physical function or anatomical loss of use of a body part substantiated by a diagnosis from a Physician.

**Exclusion:**

In addition to the General Exclusions listed in this Policy this coverage section shall not cover loss caused directly or indirectly, whole or partly by

1. infections (except pyogenic infections which shall occur through an Accidental cut or wound) or any other kind of Disease;
2. medical or surgical treatment except as may be necessary solely as a result of injury.

10. Loss of little finger	5%

"Loss" with regard to:

- (a) toe, finger, thumb means actual complete severance from the foot or hand;
- (b) hearing means entire and irrecoverable loss of hearing.

When more than one form of disability results from one Accident, We add the percentages from each together. However, We will not pay more than 100% of the Sum Insured shown in the Policy Schedule.

If claim is payable for loss or loss of use of a whole member of the body, a claim for parts of that member cannot also be made.

We will assess at our discretion any disability not specifically mentioned by considering the nature of the disability alongside the percentages given to the specific types of disability above. The Insured Person's occupation will not be a relevant factor.

If the Insured Person has an existing medical condition and they suffer Injury, We will assess:

- (a) whether the Insured Person's medical condition has contributed to their disability; and
- (b) whether the disability makes the Insured Person's medical condition worse.

In either case We will assess the difference between the Insured Person's medical condition before, and their disability after the Accident. Any payment We make will be based on the difference, expressed as a percentage, and applied to the appropriate benefit above or in the Scale.

### Definitions:

**Permanent** means lasting twelve calendar months and at the expiry of that period being beyond reasonable hope of improvement.

**Permanent Partial Disability** means the Insured Person has suffered a Permanent loss of physical function or anatomical loss of use of a body part, substantiated by a diagnosis from a Physician.

### Exclusion:

Hazard H-1

24-HOUR PROTECTION

(Business and Pleasure)

The hazards described in this Hazard H-1 apply only to those Insured Persons who are within a class to which this Hazard applies as stated in the Policy Schedule.

### DESCRIPTION OF HAZARDS

Such insurance as is afforded to an Insured Person to which this Hazard H-1 applies, shall apply only to Injury sustained by such Insured Person anywhere in the world.

Such insurance includes such Injury sustained while the Insured Person is riding as a passenger (but not as a pilot, operator or member of the crew) in or on, boarding or alighting from any civilian / scheduled aircrafts aircraft having a current and valid Airworthiness Certificate, (and piloted by a person who then holds a valid and current certificate of competency of a rating authorizing him to pilot such aircraft.) This Hazard H-1 shall not apply while such Insured Person is riding in any civilian aircraft other than as expressly described herein, unless previously consented to in writing by Us.

### Exclusion

In addition to the General Exclusions listed in this Policy this Hazard-1 shall not cover any loss, fatal or non-fatal, caused by or resulting from travel or flight in or on (including getting in or out of, or on or off of) any Policyholder Aircraft, unless otherwise provided by this Policy, and any aircraft while it is being used for any Specialized Aviation Activity(ies).

### Section : PERMANENT PARTIAL DISABILITY

When as the result of Injury occurring under the circumstances described in a Hazard and commencing within 365 Days from the date of the Accident You suffer a Permanent Partial Disability, We will pay, provided such disability has continued for a period of 12 consecutive months and is continuous and Permanent at the end of this period, a percentage of the Principal Sum shown in the Policy Schedule if Injury to You results in one of the losses shown in the Scale below less any other amount paid or payable under the Accidental Dismemberment, or Permanent Total Disability, or Permanent Total Loss of Use sections of this Policy as the result of the same Accident.

Scale Sum	Percentage of Principal
1. Loss of toes - all	20%
Great toe	5%
Other than great toe, if more than one toe lost, each	1%
2. Loss of hearing - both ears	50%
3. Loss of hearing - one ear	25%
4. Loss of four fingers and thumb of one hand	40%
5. Loss of four fingers	25%
6. Loss of thumb	15%
7. Loss of index finger	10%
8. Loss of middle	6%
9. Loss of ring finger	5%
10. Loss of little finger	4%

"Loss" with regard to:

- (a) toe, finger, thumb means actual complete severance from the foot or hand;  
(b) hearing means entire and irrecoverable loss of hearing.

When more than one form of disability results from one Accident, We add the percentages from each together. However, We will not pay more than 100% of the Sum Insured shown in the Policy Schedule.

If claim is payable for loss or loss of use of a whole member of the body, a claim for parts of that member cannot also be made.

We will assess at our discretion any disability not specifically mentioned by considering the nature of the disability alongside the percentages given to the specific types of disability above. The Insured Person's occupation will not be a relevant factor.

If the Insured Person has an existing medical condition and they suffer Injury, We will assess:

- (a) whether the Insured Person's medical condition has contributed to their disability; and  
(b) whether the disability makes the Insured Person's medical condition worse.

In either case We will assess the difference between the Insured Person's medical condition before, and their disability after the Accident. Any payment We make will be based on the difference, expressed as a percentage, and applied to the appropriate benefit above or in the Scale.

#### Definitions:

**Permanent** means lasting twelve calendar months and at the expiry of that period being beyond reasonable hope of improvement.

**Permanent Partial Disability** means the Insured Person has suffered a Permanent loss of physical function or anatomical loss of use of a body part, substantiated by a diagnosis from a Physician.

#### Exclusion:

In addition to the General Exclusions listed in this Policy this coverage section shall not cover loss caused directly or indirectly, wholly or partly by:

1. infections (except pyogenic infections which shall occur through an Accidental cut or wound) or any other kind of Disease;
2. medical or surgical treatment except as may be necessary solely as a result of Injury.
