SANTHIRAM COLLEGE OF PHARMACY

Approved by AICTE & PCI, New Delhi - Affiliated to JNTUA, Anantapur
NH - 18, Nandyal, Kurnool District, Andhra Pradesh - 518501.

1.1.2 The institution adheres to the academic calendar including for the conduct of CIE

The institution adheres to the academic calendar for the conduct of Internal Evaluation and is monitored by the Examination Cell. The institute adheres to the planned dates as per the almanac of the affiliating University. The Academic monitoring cell convenes a meeting consisting of all the HODs to plan the calendar of the teaching-learning and evaluation process. The plan of action is prepared involving the entire faculty and the same is printed as Academic Calendar. As a prelude to this meeting, all the departments would be asked to come out with a tentative plan to be discussed in the Academic Monitoring Cell. The academic schedule approved by the Principal/IQAC would adhere scrupulously as all the staff members are involved in the designing process. A handbook of the syllabus is provided to every student which provides the details of internal evaluation, rules of examination, and promotion. The semester curriculum, text, and reference books for that subject are available in the handbook and also explained by the subject teacher at the starting of the semester. The University almanac is displayed on the notice board and the same is available on the website which provides tentative dates of internal and University Exams, public holidays, vacations, etc. Periodical circulars are released by the principal to supplement the plan of action. Institute follows a teaching schedule, examination schedule, and academic calendar circulated by affiliating universities. Institution ensures that all the stakeholders are aware of both internal and external evaluation processes. Periodic internal evaluation forms the backbone of the entire teaching-learning process. Evaluation takes place at 2 levels: Internal and External. The general rules are published in the handbook of the Institute and changes if any are informed through circulars. The Institute follows the guidelines of Affiliating University and PCI regarding the evaluation process.

Distribution of marks: The internal and external marks for PharmD is 30 and 70 respectively. In R19 Regulation for M. Pharm (PG) and B. Pharm (UG), it is 25 and 75 marks, while in R23 regulation 30 and 70. In each semester, two internal assessments and one compensatory re-cessional exam are conducted for B. Pharm. For PharmD, 3 internal assessments are conducted and the best 2 of the three will be taken for average. After assessment of internal assessment theory answer sheets, the subject teacher shows them to the students for transparency. Any query in the allotted marks shall be considered by the teacher and resolved. If not, the student will be presenting to the HOD through Convener - Examination Cell. At the end of the year/semester, average internal marks are displayed on the notice board. The faculty ensures effective implementation of evaluation reforms of the university and conducts the examination strictly. Question papers and answer scripts, selected records and manuals are well preserved. Students can apply for revaluation and recounting to the University if he/she is not satisfied with the evaluation of the final examination. This process ensures to study regularly and prepare for the University final semester-end examination.
